

Powerplays: How Teens Can Pull The Plug On Sexual Harassment

Examples of dating violence

Experts say warning signs of dating violence can include when the perpetrator isolates the victim and tries to keep them from family and friends. An abuser may also criticize the victim or blame them for things. Experts also said it is common for there to be constant contact between the couple – often through text messages.

Jill Murray, an expert on teen dating violence, said "physical violence is the vast minority of abusive relationships."

"Texting you constantly, texting you in the middle of the night, interrogating you so you feel like you have to text back immediately – that's a really big one," Murray said.
